An innovative self-printing machine was brought to fruition by the startup Azzain Ink, thanks to MMU's Startup Scheme and support from the Entrepreneurship Development Centre (EDC). Ms. Marwah and Mr. Thabit, the individuals behind the project, effectively brought the "Self-Print Machine" to life.

The launch event witnessed the presence of notable figures, including MMU's President, Prof. Dato' Dr. Mazliham Mohd Su'ud, ACE Deputy Director Ms. Putri Syaidatul Akma Mohd Adzmi, and EDC's Manager, Ms. Baida Shiha Baharuddin. Conveniently situated at the library entrance, right next to the Learning Point at the Cyberjaya campus, this self-printing solution offers practicality and accessibility for the MMU community. It operates 24/7, allowing MMU members to print documents at their convenience, day or night.
